TECHNICAL GOVERNANCE COMMITTEE

MEETING MINUTES

22 January 2026 / 22:00-23:30 UTC / VIRTUAL VIA ZOOM

ATTENDEES

OSRF:

- Geoff Biggs (TGC Chair)
- VM (Vicky) Brasseur (OSRA Governance Advisor)
- Vanessa Yamzon Orsi (TGC Secretary)
- Kat Scott (Developer Advocate)

OSRA Delegates/TGC Reps:

- Clara Berendsen (Infrastructure PMC Rep, Ekumen)
- Michael Carroll (ROS PMC Interim Lead, Intrinsic)
- Alejandro Cordero (ROS PMC Rep, Honu Robotics)
- Mirko Ferrati (Platinum Rep, Canonical)
- Tully Foote (Platinum Rep, Intrinsic)
- Michael Grey (Open-RMF PMC Lead, Intrinsic)
- Christian Henkel (Gold Rep, Bosch)
- Scott Logan (Infrastructure PMC Lead, Intrinsic)
- Bence Magyar (ros-controls PMC Lead, Locus Robotics)
- Na Song (Platinum Rep, QualComm)
- Addisu Taddese (Gazebo PMC Lead, Intrinsic)
- Steve Peters (Gazebo PMC Rep, Intrinsic)

OSRA Observers

- Christophe Bédard (Apex.AI)
- Tom Panzarella (Seegrid)
- Leonardo Rossetti (Red Hat)
- Todd Sutton (Zachry Corporation)

AGENDA

Geoff Biggs, TGC Chair, called the meeting to order at 22:06 on 22 January 2026, UTC.

Existing Business

1. Confirmation of minutes of meeting TGC-20251204-Regular
    - **Approved by consensus**

2. Project reports

    - Project update: ROS (Presented by Michael Carroll, Project Leader)
        - Formal decisions:
            - New working group being chartered: Accelerated Memory Transport, led by Alejandro Cordero.
        - Many new features in progress for Lyrical Luth, including rcl::Buffer to support accelerated memory, improved Bazel support, runtime-configurable logging, and new executors.

    - Project update: Gazebo (Presented by Addisu Taddese, Project Leader)
        - Formal decisions:
            - Moved the Kura release one month earlier to 31 August, 2026, to avoid overlapping with ROSCon. Other dates moved earlier accordingly.
        - Primary and secondary roadmaps produced.
            - Primary items have commitment from someone in the PMC.
            - Secondary items are willing to guide someone from the community in doing, but no commitment from the PMC to do these items.
        - A third-party plugin repository is being produced.

    - Project update: Open-RMF (Presented by Michael Grey, Project Leader)
        - Formal decisions:
            - None
        - The handbook to teach CrossFlow has been released.
        - A multifactorial polynomial task cost calculation has been contributed.
        - Crossflow diagram editor now has new description panels and input example panels.

    - Project update: Infrastructure (Presented by Scott Logan, Project Leader)
        - Leadership transferred from Steven! Ragnarök.
        - Formal decisions:
            - Adopt the “gz_oci_images” repository, containing container images for Gazebo
        - Work to stand up platforms for ROS Lyrical Luth is on-going, with four new platforms required.
        - build.ros.org has been sunsetted.

3. Other Existing Business Matters

    - Status of SIGs/TCs
        - SIG on Interoperability
            - Chair: Michael Grey
            - No meeting in January as the regular date was January 1.
        - SIG on Physical AI

- Chair: Tully Foote and Yadunund Vijay
- Working groups have kept up their momentum through the holidays and into the new year.
- A fifth working group, on agentic embodiment, has kicked off.
- The SIG is handing off work on accelerated memory transport to the new ROS PMC WG.
- A new landing page has been created in the ROS Physical AI organisation (https://github.com/ros-physical-ai). A better URL is forthcoming.

4. ROS Bounties
    - The TGC continued its discussion on a “bounties” idea.
    - The TGC concluded that it needs to consider further the underlying problem that is aimed to be solved, rather than going directly to a bounties system.

New Business

- New method of TGC operations (Geoffrey Biggs)
    - A brief reminder about the new method of having one TGC meeting and one informal chat every two months (or more as necessary).

Adjournment - Geoff Biggs adjourned the meeting at 23:28 UTC.

ACTION ITEMS

1. The meeting minutes will be circulated to the TGC for review and approval before the next meeting by the TGC Chair.
